Hood's Pills are the best liver stimulant and family cathartic.—best because they do their work well and do not deplete the blood like purgative salts and waters, which often leave a woful train of catarrhal discharges that are unnatural and weakening.

Then you may get the splendid blood-enriching qualities of Hood's Sarsapa: like and the fron-building effects of Peptiron into the combination, and the three medicines working together give the grandest health-uplift it is possible to have from medicine.

Any one of the three medicines will do you good—the use of all three will accomplish wonderful results for you. Try this treatment this Spring.

New York, March 6.—Cable dispatches are being received by the Associated Press directly from its Petrograd office. Although wire communication has been interrupted frequently of late, particularly in Finland, conditions apparently have improved. A dispatch filed in Petrograd on Tuesday by the chief of the Associated Press staff in Russia reached New York at 4 'clock Wednesday morning.
The correspondent said that one

his assistants was at Vologda with Ambassador Francis and another had been dispatched to Moscow to report the all-Russian congress of workmen's and soldiers' delegates next week, at which the question of peace or war will be decided upon. The correspon-dent also said he intended to remain in Petrograd unless the government should be removed to some other point, in which event he would proceed to the new capital.

BULGARIAN MINISTER TELLS OF TREATY

Amsterdam, March 6 .- M. Toncheff. Bulgarian minister of finance and head of the peace delegation has returned from Bucharest to report to his government on the negotiations with Rumania. He explained to the Bulgarian sobranje that on the expiration of the armistice Saturday, the Rumanian delegates announced that the crown council at Jassy had decided to accept the conditions offered by the central powers, including the cession of the Dobrudja, readjustment f the frontier between Hungary and Rumania and the granting of economio concessions.

The Rumanian government was then informed that it must sign be-fore noon of March 8 a preliminary treaty embodying these terms and that negotiations would be resumed immediately with a view to a further armistice and the final conclusion of

M. Toncheff said that the prelimi nary treaty between the individual countries would be drawn up in dentical terms, but in the final treaty, which would require some alterations in the wording, it would expressly stipulate that Rumania cede the Dobrudja to Bulgaria. The economic concessions also would be set forth dearly, the work of defining them probably occupying some time.

ONE BANDIT DEAD;

Two Directors Killed, Chief of Police Wounded by Men Demanding Money.

Covington, Ky., March 6.-With one bandit dead and a suspect in custody, the police of Covington and Newport, Ky., and Cincinnati, O., are searching the river front for the third member of the gang which held up a meeting of the Ninth Ward Building association of Covington last night and killed two of the directors and wounded a third. the latter the chief of police of Covington. One of the bandits was killed by Chief Kleumper after he had shot down the two directors, Andrew Nordmeyer, 63, and John Rehm, 83. Nordmeyer was president of the association.

Pat Kearney Arrested.

The suspect, Pat Kearney, was arrested early this morning, with Edward Wellman, of Cincinnati, on information furnished by Vernon Corbin, a chauffeur, who was taken into custody soon after the hold-up. Corbin said he drove the three men to the saloon of J. B. Haack, in Covington.

The directors of the building association were holding their meeting in the rear of the saloon. Soon after the men entered Corbin said he heard a fusilade of shots and two of his fares ran out and at the point of a revolver forced him to drive them save from forced him to drive them away from the scene.

Kearney, police say, has a criminal record and is wanted on numerous charges. Corbin identified him as one of his passengers.

The shooting was the boldest and most tragic that has taken place in this vicinity in many years. The six directors of the association had just been called to order by President Nordmeyer when the three bandits leaped into the room and, with drawn revolvers, demanded the money on the table, which amounted to about \$2,500. Rehm attempted to hide the cash box and fell dead across the table, with a bullet through his head. The other directors made a wild rush

for safety, as all three of the desperadoes had opened fire, and Nordmeyer fell into the arms of his son, also shot through the head. Chief Kleumper, in citizens' clothes, began to return the fire and was shot through the cheek but not before one of his bullets had reached the heart of one bandit.

RESTORED TO FULL CITIZENSHIP BY COURT

South Chattanoogan was Tuesday in the circuit court restored to all the rights and privileges of an American citizen. Robertson was accorded the privilege of again becoming a citizen by Judge Nathan L. Bachman, on application of Senator W. H. Cummings. Robertson, who lives in South Chattanooga, was given a good name for honesty, truth and veracity by Deputy Sheriff Charley Weigle and City Claim Agent Joe Pogue, both of whom stated they had known him for twenty years.

He was convicted May 11, 1904, on the charge of larceny and was sen-tenced by Judge McReynolds to thirty days in the workhouse. Later the sen-tence was suspended upon good be-havior and Robertson has since lived exemplary life. The sentence, as in convictions of larceny, carried with it the depriving of Robertson of citizenship. He told Judge Bachman that he had a regular job and had, since getting into trouble, worked hard and had tried to live a new life. Judge Bachman granted the petition and told the clerk to spread upon the minutes of his court the action.
